“ My Mother-in-law Ada Lee Peters was a Wonderful women with a Heart of Gold and a Beautiful spirit!! In the 34 years I have known her, I have had so many treasured memories...late night talks about the Bible and how she Loved the Lord and her family with all her Heart. How she loved hearing our daughter, her granddaughter Presley Ann, sing for her Amazing Grace and You Light Up My Life, it always put a smile on her face. I will miss nights when we would watch the Duggar's, The Little Couple, 7 Little Johnstons and the funny reality shows where she would look at me and say " I sure don't understand these people." haha I will miss when she would reminisce about the good old days as well. Ada Loved spending time with her family and cherished every moment with them all. She enjoyed Springtime when the flowers would bloom and hummingbirds would be on their feeder. She Loved life and lived it to the fullest. I will miss your sweet smile and your laugh and your hugs and hearing the words I Love you too. It was an honor to have known you all these years and to have felt so loved by you. Until we meet again one day... I know you are reuniting with your family in Heaven how exciting that must be. I whispered to you to give my Mom a hug and kiss from me and tell her I Love her, I am sure she will be Happy to see you and catch up. In the end, you were ready and not afraid you had told me many times, and to me that says it all.. I Love You always and forever little Ada Lee as Presley Ann would say.

“ I was privileged to become acquainted with this very special lady over the last 8 weeks. She shared many memories of the good life she lead, and supportive family she very much loved. She was accepting that her life here on earth was approaching closure and was excited about all there was ahead of her in heaven. She had a very kind and loving spirit and was always thinking of others. Blessing to Ada, and condolences to her family as I know this was a great loss to all of you!

“ Ada Peters led an extraordinary life. The extraordinary thing is that she met a young man in Illinois and at her age of 21 married this man that was my Father. Now what's so extraordinary about this? This man was a widower with an established family of a 14 year old girl, a 12 year old boy and a 6 year old boy with bright red hair and just starting school. That boy was me. Visualize a young woman having to start married life with a family of 2 teenagers (almost) and one wee toddler in glasses. This woman taught me many things as we went through life together. Compassion, faith in God, cleanliness, truthfulness and above all kindness. How many women today can do that. She did all this with quiet civility. She was a woman of few words but those words counted. Mom as I truly knew her took me to Sunday School at the Church of God of Prophecy and there, as well as with her, I learned the bible and about religion. When I entered the Army during the Vietnam War, I needed everything she taught me. I'm very proud of that woman even now at the age of 75. She was our rock. She took us through tough times. She cared for my sister during her illness and eventual death. A rock is a part of every family and Ada is, and was, my rock. God be with her and I have every hope that she finds my son Kevin, my sister and brother and of course Dad in that holy place she so surely deserves. Thank you Mom.

“ Grandma Ada was a gentle spirit. Full of love and joy. Her smile would light up a room. I have very fond memories of her bouncing me on her knee as a little girl and asking me to sing Little Bunny Foo Foo to her. The gentle touch of her hand, her strong hugs, and her calming voice are some of the many things I will miss. It is true that grandmothers leave lasting impressions on their grand-daughter's. Even though I did not inherit her beautiful dimples, I will always carry a piece of her with me and I can only hope I will be as patient and loving as she. Until we meet again. We love you.

“ I always remember Memaw being the sweetest angel on earth. She always wanted to hear me sing. Especially her favorite song "You light up my life" by Debbie Boone. She always loved green onions too. Dad would always give her one every time we had a meal. She'd make fun of people that were on the television channel TLC.. haha. It's the littlest things I'll never forget. I love you my little Ada Lee... an angel that prevailed.

“ A number of years ago mom had a surgery scheduled and I spent the night with her to take her to hospital. Anyway, I woke up the morning of surgery and made a pot of coffee. I like a little sugar in my coffee, I saw a fairly large container of sugar and put a couple of scoops in. I took my first drink and almost threw-up. The sad part is I took another drink to make sure it tasted like deal (silly me). Come to find out the container was table salt. Yuck.....!! Thanks for all the laughs and the love that we shared through the years. You have been a great woman and a great mother. I will forever love you. Your son, Bruce.
