“ *i remember anna she was a person not a good one though she spent her life being greedy always feekling like the world owed her something >as a young mother living on a farm she allowed her husband and sons to rape her daughter until the day that child ran away i knew her personally always thought it gross when she was having sex with her son leon she was a horrible greedy person and the world is better without but thats just my opinion of someone i knew for years may she burn for what shes done.*
