“ Ashley was so incredibly proud of her family. She would tell me one of the main reasons she got into Phlebotomy was because of her Aunt Susan. We shared a lot of firsts together but she'll always be my best friend. Whether it was camping on one of the islands at Patoka, swimming in the ocean in Florida at night where you could only hear us laughing, spontaneous late night car trips where we'd sing our favorite songs together at the top of our lungs, amongst many cherished memories. She'll always have a place in my heart. Whenever I can, I stop by her gravestone on my way to work just to say hi or play her favorite music. Everyone misses her dearly but I'm sure she's keeping Butch company while he belts out Elvis music with her.
