“ I knew Bernie as a Brother Knight and spoke with him only a few times at Knights meetings. Our few conversations, though, were plenty for me to understand in a minute how passionate he was about his faith, the Knights, and being a servant leader. I didn't know all the things Bernie did, both in and outside of the Knights, but reading about them here doesn't surprise me at all. One of the good ones, for sure. Sending prayers for Bernie, to his family and to all fortunate enough to have met him. Vivat Jesus!

“ I met Bernie three years ago during my first term as District Deputy serving district 31, right next to his district. He was so kind to offer advise to a new DD. We quickly became friends and "Brother Knights" (in the true sense). We would chat on many subjects at the summer and winter DD meetings, at convention, and at the Regional meeting he hosted in Jasper as well as meetings hosted by me in Princeton and others.
He was a great man and a Brother Knight who will be truly missed. God Speed my friend.

“Bernie was quite a character and had a passion few people do. I always enjoyed working with him on tourism programs and issues. You never had to guess where Bernie stood on an issue. I admired that. Neither he or I ever had much use for political correctness or trying to be all things to all people.

I had seen him only twice in recent years - once when he stopped by Indiana Caverns and a second time when I passed him on a hiking trail. Bernie is one of those people, who was your close friend even if you hadn't seen him in years. The Patoka Lake tourism Association (now Explore) was never the same without Bernie. While we ran in different circles in recent decades, knowing he is on into eternity, leaves an empty spot in my soul. Thank you for some great memories.

“ I was very fortunate to have grown up next door to the Fallon family. I was the youngest of 6 and our family was huge (so I thought) until we moved next door to the Fallons in 1963. At that time I believe there was Myra, Kathy, Bernie, Maureen and the babies kept arriving. It was so exciting in their house. Although our houses weren't big, 3 bedrooms, 2 baths and of course a basement, there was enough room for family. I watched as the oldest Fallon children helped tirelessly with the little ones. There were always chores to be done and mouths to be fed. There was always a dinner they all sat down together to have. There was a small out of a box swimming pool in the tiny back yard that we spent endless time playing in with the little ones. The whole family was hands on deck at all times. They had a sense of family and caring for each other. I admire the Fallons still today and all the hard work they continued to instill in their families. Our deepest condolences to Bernies family and all the Fallons. Love and Prayer to you all during this very diffucult time.

“ Marsha and Family, so sorry to hear of Bernie’s passing. He was a great man that put God first. He was always around to help try to guide me in turbulent times after Dads passing. When ever he was giving me advise it was as he was speaking from him and that is one of the highest compliments in my mind you can get... I’m so sorry we never got around to having everybody over to play kickball in the yard. You and the kids are so blessed to have such a great man to be a husband and father. May God bless you and we will continue to pray for you all.

“ *Bernie was a great friend, and over the years we got to know each other at our kids sporting events or over food while discussing all sorts of political topics with other people. Just sitting around at basketball this winter, talking while our kids played ball... I will miss that. He always wanted me to get the Freedom Makers back together, just to start talking again, now I wish I had been able to before this happened.*

Bernie will truly be missed. His love and energy... his compassion and willingness to put himself out there to serve others. My heart and prayers go out to his family, as this must be truly a difficult time for them all. Look forward to seeing him in heaven someday!

“ Bernie was so friendly with me when we first met several years ago. Also, I would see him in the sacristy at St. Joe's from time to time. A few of those times, three of his sons would be there getting ready to be the servers at the next Mass. I enjoyed watching them interact; Bernie was an example of an involved Dad.

Our Hibernian Brother, a Blessed Knight, community dynamic and hard working business man. All these tributes are over-shadowed by his total devotion and dedication to his wife and children who he loved and spoke of on every occasion. As much as he was needed here for his family; the Almighty Father must have had a greater need for this "force among me" in Heaven. We will sing to him, "The Parting Glass" in his honor and memory.

Brother Knight and Former District Deputy Bernie Fallon was a tremendous Knight of Columbus. He was always willing to step up to challenges and always ready to help his brothers. He was especially helpful in starting a new council at Paoli. He did a great job, year after year, working with Fr. Boeglin for the appreciation dinner for Priest and Religious at Huntingburg. I loved Bernie. Always in motion, always on the go. He attacked life head on. His handshake left your hand numb and his hug left you breathless. Always glad to see you, always bursting with enthusiasm. Worshiped Marsha and his family. Loved life and embraced it fully. Like his father Marty, Bernie was a giver. Pass the hat for a good cause and you see \$1 and \$5s, then one \$20. You knew Bernie was in the house. For years, he would throw a party-fish fry for his brother Hibernians. It was so popular, we had to rent a bus to get to the marina. Next to the parade, it was our most popular event....al because of Bernie.

I met Marty first, then Bernie later. By accident, I frequently called Bernie "Marty". He'd always laugh and say, "Kelly, that's the highest compliment you could pay me" and we'd laugh.

God Bless Marsha & Family. No one lived life better or fuller than Bernie, that's the legacy we can all hope to live up to.
