“ Our sympathy to the Hoffman girls. We have known Betty since 1970!! What a fun lady. I remember going out for a cigarette and drink after school - she was always ready for a good time. She was also there when I needed a shoulder to lean on. Your Mother had a very full life and will be greatly missed. Cindy, you have taken such great care of her! God bless you all. “ Betty, may we offer a prayer and a kiss for you. You taught us many virtues over the years as a lovely friend and neighbor including strength, wisdom and grace. I remember you often as "my savior" when I was a young student and, as our school nurse, you would let me go home early when I was feeling down. I thank you for your wonderful children - precious friends during our tender years on MacArthur Street. May you now rest in God's loving arms and find comfort in seeing your friends and family in Heaven. Thank you for being the strong, inspirational and caring teacher and friend in my life. May God bless you and your Family. Kim J Sermersheim

“ So very sorry for your loss especially during this difficult time. She was a lovely lady and she will be missed. I especially enjoyed visiting with her at the nursing home where she spoke often about her grandchildren and their pictures with President Trump. May you find comfort believing that she is now with the Lord and the loved ones who have gone before her. God Bless all of you!

“ We had a cabin just down the road from her at Patoka Lake. As a kid, I would go down to her place and do crafts with her through the summers. She taught me how to make depression dolls. She was so kind!

“ I have known Betty for most of my life, when I was an elementary student, and when I returned to Jasper as a doctor. She was one of the most incredible people I have ever met. The world is diminished by her passing. I hope that all of her daughters find peace, in knowing she was so amazing and will be missed by so many.

“ Thanks to Betty, I had the privilege to participate in HOSA program. I was only one of two students from NE Dubois. She was a beautiful human! She was encouraging and helped me in my decision to pursue a career in Healthcare. A few years ago she sent me a plate with my favorite poem “Don’t Quit”! I will cherish it and her letter always! She will always have a special place in my heart ❤️

“ Betty was a very special person. I loved visiting with her when she came for 'crumpets and tea' at my home on Leslie Drive. We always had cookies or a roll with our tea until one day at Christmas she found crumpets in a catalogue. She came in with her big grin and said I brought you a gift. She looked mischievous as usual, so I didn't know what to expect. When I opened it we both laughed out loud. I said "Where did you find these?" She said a catalogue. Open and let's see what they taste like. They were horrible and we laughed really hard and decided we would stick with cookies with our tea. Betty was always so much fun. And Missy, she always talked about the Cavaliers you use to raise. We had a gorgeous Tri. We got him from Cavalier Rescue when he was six years old on New Years Day and we had to put him down the Monday before Christmas last year. And I lost a son, too, on New Years Eve, 2010 at work. It was very quick and unexpected. Tunnelling of the Coronary Artery . He was 48. You all have my sympathy. Heaven gained a special lady who is probably spreading joy everywhere. Carol Mehringer

“ *Working with Betty at Jasper High School is a special memory for me. She was an awesome nurse who loved the kids. She was a counselor, friend and a true advocate for the HOSA program.* ”
