“ *I will never forget my time I spent with this wonderful woman. I was so sad to have learned about her passing. She was one of the most influential people in my journey into becoming a geriatric social worker. I will never forget the time I would spend talking to her in her room, as she proudly showed me pictures of her family. The hilarious things she would say have stuck with me and I find myself laughing, remembering them. I am so thankful to have had the opportunity to know this woman, and to have hopefully added a little more joy during the last chapter of her life. May she rest peacefully into eternity.*
