“ *Really got to know Pete while visiting at Cathedral. He was in my class, but I never got the chance to get to know him. I enjoyed the daily visits with him. He was such a sweetheart. Didn't see him in the last year, but I'll always remember what a great guy he was. Thoughts and prayers for his family.*

“ *So sorry for everyone's loss. Pete was certainly a great guy (and cousin). We are all better for having him in our lives. We will never think about the "Otto Fun" we had over the years with thinking of Pete. Our thoughts and prayers go out to all of you. Brad*

“ *Pete and I go back to kindergarten days--he was just the sweetest guy. The virus kept me from seeing him for over a year. Everybody loved Pete. I was looking forward to getting to take him to our 50 year class reunion. We all will miss you, Pete.*

“growing up as an "Otto", i dont think anyone could help but get excited when their parents said "Jasper". that meant it was time for the best christmas ever, a summer vacation get-together, or a reunion that would be talked about until the end of time. no matter what the occasion, we were making memories. i did not know pete as well as some as we only saw each other during these gatherings. what i DO remember is Pete always had a smile on his face. i dont think i ever saw him frown. Pete loved to be around family and friends and brought additional life and love to the party. I remember when Pete got goin, he would laugh with his whole body :) He was a kind man who would help if he could and not expect anything back. Pete could always make people smile.

Those are the things i personally remember about Pete. Whether they are true or not ... thats how i remember him and that what makes me smile when i remember our times together.

I hope that sometime soon we can all get together again safely. while i'm sure it will be the best time ever ... as it always was ... there will be a piece of the puzzle missing.

we will miss you Pete.

i'm happy for the time i got to spend with you and the memories you helped create.
