“ I got to spend every single day with you. I miss the meals we cooked together, the laughs we shared, dancing with you in the kitchen, forcing you use the selfie stick with me. I miss never going to bed mad at each other, working hard on our goals and supporting each other's passions. I miss teaching you new things like biking and snowboarding then watching you just blow me away with your strength and natural athleticism. I miss everything about you and I will love you forever.

“ *Cameron worked on lights and sound for a play we produced in Crested Butte, CO... I had recently returned from attending school in Hollywood, CA, and was eager to see all the new faces contributing to this wonderful theater. Cameron was kind, attentive, knowledgable, and friendly. He was very good at what he did, and it showed! We shared many great stories, and laughs. His talent and warm heart will be missed in this small community.*
