“ *Deb, Heather, Ashley, and Alex,
You have all been a second family to me. I loved Chuck and am heartbroken that I wasn't able to visit with him one last time to tell him that. I am sending all my love to you all. I would say that nothing on earth could stop me from being there to celebrate his life, but unfortunately I tested positive for the flu. I am so frustrated to have to miss this chance to say goodbye properly and to hug all of my favorite ladies (and Craig). Also, I am sure that this service will have the best music of any that has ever occurred. Please know that I am with you and will be praying for everyone. Love you!*

“ *I will always remember Chuck's kindness and humor. Years ago I was sick and was off work for a month. The day I got home from the hospital he came to my house to give me a card. I opened it and couldn't believe the money inside he collected at Artec. I ran out and thanked him through my tears. What a special person and a blessing to so many. I am so sorry for your loss.*

Our heartfelt condolences on the loss of a good man. I had the opportunity to work with Chuck at 15th Street for several years. When he smiled, his eyes & face lit up. Praying for your peace and comfort during this time of grief.
