“ I always looked forward to the time I spent with Willie Haas. From my early childhood days when i spent many hours with the Haas family. We lived on the same block for so many years and Willie always had that wonderful smile on his face when we spent time together and was just a great friend. Our families took trips together to Holland Michigan and once on a long journey to California. Later in life after I left Jasper we would always reconnect at class of 58 reunions, and that smile was still there. When we moved to Colorado the Haas family was still a part of our lives through his great sister Marilyn. Lynn and I were very sorry to hear that when i come back in September for another 58 mini reunion that laugh will not be physically there but will be looking down from above and still be with us. The Lord gained a true great when Willie arrived, with his smile he will add much. Tom Thomas

*There are lots of good memories I hold of Willie as a classmate - will need to get out the class books to look at pictures. Also when I would get home, to see Willie and Carol at Mass at St. Joseph was always a pleasure of greeting one another again. He will enjoy many peace-filled days in heaven and his earthy struggle is complete. Holding you, Carol, and all your families in my prayers, May the memories you hold eventually turn the sorry your hearts know today into cherished moments, blessings,
