“ *So many happy memories she was so much fun when we were young My Mom and Dad were always hanging out together . So many laughs together . I can remember one time my youngest sister locked my Mom out of the house she thought it was funny . Auntie Claire had to boost my Mom up to get in a window that was funny . Their stories always reminded me of Lucy Ball comedy TV show . Now They can make more happy times in heaven together . LOVE AND HUGS TO THE FAMILY .*
