“ As sad as my heart is from the hole that is lingering in our lives going forward, where Dan will be missed...I am amazed and thankful for the impact he had on the us and the world! It brings me much joy to read the comments and memories from around the globe. Don touched so many. Not just from his “job” —but he was Christ’s hands and feet here on earth...that was his work too. Bill and I feel so blessed to have so many experiences and memories with Don Charron on vacations and hunting trips we will never forget! Since God called him home, Bill and I have committed to living our life as Don did the best we can. WWDD... What would Don do? We feel so thankful to be married into the Charron family through our Godchild/nephew. We look forward to Don’s legacy continuing through Kari, Sam, Avery, Ted, Anna, and the big extended family. I love you all...you will continue to be in my daily prayers.

“ Don was such a blessing to me and to so many others. He was a wonderful man and a great friend. When he entered the room you knew you were always going to get the genuine, kind Don with his warm smile and a hug. I will miss him so much. He was the epitome of a good leader in everything he did and lived the way he taught others to live with his servant's mentality to try to help others become their best selves. Now we need to emulate the qualities we admired in him and carry on his legacy. My deepest condolences to Kari, Sam, Avery, Ted and Anna!

“ I first met Don in 2008 when he and I worked on an acquisition of a J&J manufacturing plant in Nice France that later transferred to the Kimball factory in Poznan Poland. I remember being so impressed with Don's upfront and honest approach. I immediately liked him and felt I could trust him through the negotiation and acquisition. As I got to know Don better, he never changed or altered from who he truly was. Even though I only knew Don at a professional capacity I am deeply saddened by the news and wish Don's family my deepest condolences in this time of bereavement

“ Don was my brother-in-law by marriage to Kari's brother, Jeff. He was an exceptional man, loved by all who knew him, and his kindness and generosity will never be forgotten. His laugh and smile would light up any room and when he spoke to you there was nothing more important than what you had to say. We love you, Don, and miss you terribly, and one day our broken hearts will be mended by the memories we cherish. Rest in peace in the knowledge that your beautiful wife and children are a reflection of you and a life so well lived. Kari, Sam, Avery, Ted and Anna, we are here for you, and you are always in our prayers.

“ Reading all the Kimball employee's heartfelt post from around the world and how they loved and admired Don didn't surprise me. I was so blessed to get to know Kari and Don when they moved to Jasper and soon became good friends. One of the things I love about Don is he always made the conversation about the other person. He was so down to earth, humble and caring. I am going to miss 2 shot Don on our annual rabbit hunt, our social nights out, but most of all I am going to miss a great friend. Thanks Don for making such a positive difference in those of us around you and making this world a better place. Kari, Sam, Avery, Ted, Anna, and all those who loved Don you will continue to be in my prayers.

God Bless,

“ There are no words for the legacy Don has left on my life and countless others that worked with him at Kimball. There are people you encounter and that are “pivotal” and Don was one in my life. His counsel, his wisdom, calm demeanor, and shining personality will live on in our hearts. My deepest sympathy to Kari, Sam, Avery & Ted, and Anna and Don’s entire extended family. He will be greatly missed.

“ I first met Don in 2016 when Kimball purchased the two companies I worked for as controller. He had been on calls I took part in, and I didn't even talk to him, but he knew my name and what I did when we met in person the first time. He was a great man, gone way too soon.

“ I first met Don at SCI in Colorado Springs, and my first memory was his firm handshake, and dynamic personality. Don was always looking forward and always did the right thing. I think the thing I will miss the most was that he always made a point of saying hello. God please use him for your good, and be with his family during this time. I ask this in the nmae of your Jesus, Amen.

“ Often, in business or life in general, I have hung onto Don's mantra: *Do the right thing. My career and life are better for it. Not long ago, when he learned I was getting married, he asked if I had asked my future father-in-law for his blessing. When I said no, he INSISTED that I do this. I'm glad I did. The work I'm most proud of remains those things that he and I shaped together. It was a pleasure to share time with him in various countries. I'm still stunned by the news.*

“ *It was years ago when I met Don first time. It was in 2000 when KEI was acquiring plant in Poznań, Poland. From that time we have had many short talks either once he visited Poland or when I had a chance to be in Jasper. Every time I had a feeling it is really good man and this is how I will remember him. I am convinced that this is significant loss for everyone who met and knew him. He will be really missed.*
Rest in peace.
Let me also pass my deepest condolences to the entire Charron family.

“ *Once upon a time in Chicago young GTS engineer-me, was waiting for a plane and the man in a green fisherman's hat came to me. "I think we know each other - "I'm Don and we met in Poland" - pointing to the Kimball logo on my planner. I was too much surprised to say something wise (and I didn't know who this Don is?).*

A few weeks later we meet again in Mexico to share the status of SMT improvements. Don asked if there was anything else that could be improved (he asked this question to the Pole! we will find the reasons to be dissatisfied) and I started...

He listened calmly and finally said: "You did Your best and keep going this way, I appreciate..." In the meantime I asked Technical Manger who is this Guy- that moment and His words moved me to heaven...

Now is Your turn Don!

“ No words can express the impact that Don has had on my life and career. So many executives and leaders like to speak the language of character and integrity, but with Don it was a way of life. He exemplified the meaning of true servant leadership and inspired everyone he encountered through the love that permeated everything he did. He taught me what it means to persevere with grace and optimism. It was an honor and a privilege to have know and worked with him. My sincere sympathy to his family for their loss, I know he will be greatly missed.

“ My heartfelt condolences go out to the Charron family. May care and love of those around you provide comfort and peace to get you through the days ahead.

Don brought the power with his presence, compassion, and smile. I'm so lucky to have met him in this life. He was such an exceptional person, role model, and leader. I think there are very few people that leave us that have made such a tremendous influence on so many people- Don was definitely one of those very special people- who will be deeply missed by everyone who had the pleasure of knowing him.

I was in complete shock that during my first week of onboarding/visiting Jasper after joining Kimball I had a meeting on my schedule with our CEO-Don Charron. He spent over an hour with me and most of our conversations were around family (and golf). He absolutely lit up when talking about his beautiful wife and three children. I knew I had made the right decision to join Kimball after spending time with Don. He was so compassionate and real. I could feel we shared the same values in what is most important in this life. He definitely made me feel valued and I was proud to be part of this Kimball family.

I went through this same situation 2.5 years ago and remember looking up at my wife's funeral mass to see Don and Steve standing in front of me. Not many leaders would alter his busy schedule and drive 5 hours south to pay their respects to my sons and !! Will never forget his tenacity and leadership!

“ Wade Charron shared with me the sad news of Don’s passing. I met Don at age 18 when we both went to Army Boot Camp together at Ft. Sill, OK in 1981.

Although I haven’t seen him since then, Wade has kept me up to date on his life journey.

I remember Don as a very capable, confident and ethical young soldier. Don was very highly thought of by his fellow soldiers and by me.

We both came from small towns. Don from Faulkton and me from Salem. He was very proud of his small town roots.

I’m so sorry for all the sadness you his family are going through at this time.

May he rest in Peace!
