“Pete and Kathy... So sorry for your loss. Years ago, I delivered pianos and organs with Donnie in the evenings after a full day in the factory. There was never a dull moment with "lick" around. I have many good memories of trips we made to together (along with Donnie Hopf) and will never forget the times I spent with him. He was a fun part of my younger days and I even worked bingo with him at the Moose for a few years recently. He will be missed!! Glen Sanders

I had the pleasure of working with Donnie Lichlyter at Jasper Laminates. He was a good man on a mission to help others. In 2007 when Don was the Jasper Chamber of Commerce's President's Community Excellence Award winner, I remember in order to get him there to receive his award, they had to get him there under "false pretenses".

I'm sorry for your family's loss. Heaven gained a good angel and Dubois County lost a good one.

I don't know Donnie but, back in '78, I worked at Jasper Corporation warehouse as a college student. People would get there at 6am or so and go to sleep on top of the cabinet boxes about 8 feet on top before the starting time whistle blew.

Donny would be driving his forklift around, moving cabinet boxes around, prior to starting time. Every once in a while, he'd get the idea to grab one of those cabinet boxes with a person sleeping on top of it and lift it 4 feet. It was hilarious and I remember his distinctive laugh.
