“*I drove 9 hours to visit Miles and Braylin from Northern Michigan. Always heard about how close family was and admired their connection. Doug and Debbie lived across the street. I visited both of them when I first started my cancer treatments. Witnessed the new home the Doug was building and the view over big pond was spectacular. I was a graduate from building trade school and admired all the details Doug was showing me. Very talented man he was. Wonderful people and so nice. Thru the past few years I'd check on Doug and see how he was doing. I truly felt more connected to his experience cause I endured so much thru my cancer journey. I continue to pray for him today as I have in the past. God bless him. And Mrs. Debbie and all the kids and family too. I am glad to have met him and gotten to know more about him. So sorry for yall loss.*”
