“ Dear Gootee Family,
Please know that our thoughts and prayers are with all of you. Dr. Francis was a true gentleman. He took care of our dad as a patient in his last months at home, and also took care that each family member felt comforted during that difficult time. He was such a gentle presence to others, and was a joy to know. We wish we could be there tomorrow and Tuesday. We pray that you are all blessed with comfort as you gather to remember this great man.

“ My uncle Hugh (Dr. Francis) was such a wonderful person and uncle. He and my Dad, Dr. Tom, were two of the finest men I have ever known. Medicine was their vocation, and they both served their patients with the highest professionalism. Uncle Hugh was a man of high intelligence and surprising physical strength and stamina. Few could keep up with him! He ‘burned the candle at both ends’ working his entire life. His selfless and compassionate service to and for others is the hallmark of his life. What a role model. What a loss! I wanted to talk with you when in Jasper next week, Uncle Hugh. I guess that will have to wait. Thank you for being you, and for always being there for me and us all.
