“ *It has been 4 years and I still cry about him a lot. He was my dad. He would always crack jokes and I remember watching games with him and basically not have a clue what was going on, yet I would always cheer when he did. I remember he got me my first computer and bought me Minecraft and I was so happy. He gave me everything I ever wanted. I remember the moment I was told that he had died and I was devastated. I miss him and all of his friends a lot.*

“ You were my dad. Not biologically, but I honestly wish you were. You were the example of what a man should be. You raised me from the time I was 12 years old until I was 19. I hate that you are gone from this world, I wish I could talk to you everyday. Thank you for being the best Dad ever, not only to me, but to Carissa and Coty too. Love and miss you.

“ We were quite shocked when we got a letter telling of Dr. Berger's passing. We send sympathy to the family especially his daughter. We talked on our visits to your dad about you. He was trying to learn how to fix your hair. May you be blessed by the memories of him may both of you children remember him at his best. It is hard to loose a parent but remember he is in a place where there is no pain. From Psalm 91:11 May his angel watch over you!

“ There really are no words to express the shock and the sorrow that I am feeling over this loss. Dr. Berger was my chiropractor for years. Although I only knew him professionally, I doubt that any patient he ever has had was less than a friend to him. At least, he always treated me (and my husband) that way. His pleasant personality always took the edge off of whatever back or neck pain I was experiencing during those many visits to his office. I am deeply sorry for the loss of his precious life to his family and to all of those whose lives were blessed by having known him.

“ Dr. Berger has been my chiropractor for 10 years. He is an amazing person! When there for an adjustment sometimes we discussed workouts, eating habits, and books that I might read. I will miss the "What did you do now"? when I randomly ended up in for an adjustment. We all lost an amazing person and heaven gained an amazing angel. It was a privilege to have know Dr. Berger. He will be very missed by many. My thoughts and prayers to Dr. Bergers family and friends.

“ I am at a complete loss for words. Keith was not only an amazing healer but a friend and support system to all of his patients, including me. He helped me through all of my health difficulties, including the trials through my pregnancy. My daughter absolutely loved him and he always had a smile and knew how to make her laugh. I cannot fathom a world without him in it. I've been a patient of his for more than 10 years and he always made me feel like a friend instead of a client. My heart breaks for his family and for everyone who will no longer be blessed by his presence. We love you Keith.

“ I am so sad to hear about Keith's passing. Although I hadn't seen or talked to him in years the great memories of Berg's came flooding in. Whether we were driving to Shiloh with Voges, hanging out at Pat's cabin or playing way to many games of quarters at his apartment at IU. Keith always had a smile on his face and kindness in his heart. He was truly one of the nicest people I have ever met. My deepest regrets to his family and friends. May he now be at peace.

Very caring for his patient's. He talked about his children so often and I could tell how much he loved them. And his office staff; he held those ladies in very high regard.
