“ Gary was a good friend for many years as we worked out of the same local working construction. Helping build Toyota and A.K. steel. Gary and I shared a love for big fancy semi trucks together over the years. We both were truck drivers hauling produce together for many years. We were both big truck enthusiasts. We enjoyed driving the big fancy trucks to the warm climate states California Florida and Texas and Arizona throughout our years when we were younger men. We attended the big truck shows at Louisville Kentucky together a few times. Gary was a good friend and will be missed by the guys we worked with in our working years. My Sincere Condolences to his Dad and his son Jared he was always so proud of he told me many times through the years. Condolences to his Daughter and his grandchildren. Rest in peace my old friend. Sincerely Tim White.
