“ *My name is Christine Howard. Your mother and my mother were across the hall from each other for almost 2 years at the Timbers. Your mother was a very sweet lady, and I'm glad to have known her. My mother had the same disease as Gladys. Your mother was the one who tried to get my mother to have a more positive outlook when she first came down there. My mother is no longer with us either, and I wanted to send our condolences from our family to yours.*
