“ I met Corey many years ago working at Stens, alongside his mother. From there, he went to “Springleaf” where I had the pleasure of once again working with him by getting loans for my customers at AJ’s Auto. He was one of a kind, that’s for sure. He always had time for a smile. No matter what problems he had in his own life, he always made time to check in on others to make sure they were ok. To say he will be missed is an understatement. Until we meet again, my friend, I’ll keep on keepin on.💕🙏

“ Corey was one of the first people to welcome me to USI. He was such a fun loving and kind person. People always say about someone they have a smile that lights up the room, but I don't think anyone I've met has one that does that as bright as Corey's smile did. We lost touch after school but he randomly messaged me last year and now I'm so glad that he did. Rest easy old friend.
