“ I think of gunnar all the time no matter what the situation. I "see" him all the time in the hallway still and it brings me to tears. I know he walks one step behind us all the time. He helps us out when we need it and just any time. I just wish we had more time with him and to tell him we love him, but we tell him that all the time and he knows it. Our locker corridor is not the same nor will it ever be the same now. We as a class has grown together and we just have to know that we will all reunite some time up in heaven. So just wait for us up there goon and just continue to watch over us! I loveyou and missyou terribly and wont stop^{3/4}
