“ *Mike, I am a voice from the past.....way back there. If you remember me at all, my name is Emma Jean (Weber) Conklin. Dick was a year older than me. I was thinking of you and your family just last week. I was looking at pictures of fish fries etc that my mom and dad held throughout the years. I didn't see your family in these pictures as they were taken by someone other than my mother. My sincere sympathy to you and yours. I am on FB.*

“ To the family I wish to extend my deepest sympathy. I meet Mrs Kuntz in the late 60's, early 70's when I dated her son, Dick. She was always so kind to me and we talked frequently after Dick and I went our separate ways. I even stopped to check on her when I would visit from My home in Indianapolis and again just before I moved to California. One day a card would appear in my mailbox -- a simple note, "how are you? Just thought of you today and wanted to say I miss you" ... Often ending with "my son missed a good one". What a remarkable woman, she touched my heart more than she ever knew ... She knew me better than my own mother. Loved making those cherry pies together.... I always think of her each time I eat cherry pie ... Still my favorite ... She would say "just a little scoop of ice cream -- not that little!" I hope she is enjoying a piece of cherry pie w/ice cream with Dick -- a long time but now they are reunited
