“ While John was attending IUPUI he was the stunt partner with my daughter Erin on the cheer squad. His talent was admired by everyone. He was very intrigued with a Patent I held and he told me he would get one someday which he did with his Turret protection devise. One day in 2006 he came to my house and was so excited to tell me all about it. He was a special friend.

“ *John was one of kind!! He had the kindest heart and biggest smile! I have many great memories spent with John and will cherish them forever. The last memory was him taking me to a shooting range to teach me how to shoot a gun properly and select the right one for me. He wanted me to be safe and to educate me on how to do that safely. I still can't believe you are gone and will hold the memories spent with you close to my heart. Love you my friend 💔*
