“ The last time I saw Larry was probably about 30 years ago. My father, Paul Thomas, worked at Kimball with Larry. They hung out with their group of friends (Mel, Dwight and the gang) all throughout my childhood. Larry gave me my first motorcycle ride. Larry was always so kind and jovial. Heartfelt condolences to Traci, Presley, and family. Just know my Dad (who passed last October) is welcoming Larry and probably debating about something, because that's what my Dad did.

“ Larry and I met each other in 7th grade because his last name began with a P and mine with an O so we were in almost every class together. He kept me laughing with his antics. But most of all his kindness. How many jr high boys do you know that are kind? I'm happy to say we were good friends all thru high school and even after we moved approximately 20 miles from each other later on. Rest easy good friend. You were one of a kind. 💔

“ To Traci and Bruce and all of Larry's family you have my deepest sympathy...i was lucky to have Larry in some of my life...We shared so many great times and I'll always reflect on those times...Larry had such wisdom and thanks to some of that wisdom he shared with me I am here today and without his words of advice I probably wouldn't be here writing this...His courage was second to none as he had more battles(health wise)to go through that most of us would probably buckle.I am glad I got to let him know here recently how much I valued our friendship.He was a great man,Heaven must have needed him...RIP Larry,I'll miss ya my ol' pal

“ Larry was my youngest brother and we didn't spend much time together as I joined the Army when he was three. We did have time to talk at yearly family reunions and holidays. The thing I do remember most is that he was definitely all Peters. He got our Father's family attitude and dedication. He also had that "Get er done" attitude. I'll miss him and I wish we had more time together.

“ It was quite the honor of having this man in my life. Next to my father, I looked at this man as a role model of how a man should be. He was a very loving Uncle, Husband, and Father. I always enjoyed all my time with him while camping, hunting, jeep'n around, stories, and our loud front porch shanagons together. I will always be his "little guy" and will forever cherish so many great memories with Larry, Traci, and Presely. Until we meet again in that big sky, your "little guy"..

“ I had the pleasure of getting to know Larry over the past couple of weeks prior to his passing. He loved his family so much and wanted to spend every moment trying to work to be certain all was in order for them. His illness took him at such a young age, but it sounds like he had a very full and happy life. Godspeed Larry 🙏

“ He was a larger than life kinda guy, life of the party and had lots to say to just about everything. What you saw is what you got. We had many of great years together, from childhood to old men. Larry truley loved life. It was heartbreaking to watch the illness take it away. But, I know that he is resting peacefully and no longer suffering. Rest in peace my dear brother, till we meet again. Your loving brother, Bruce

“ We had so many good times; football games, camping, and LaCantinas to name a few. Larry had a great sense of humor and was a joy to be with; so many laughs. During one of our last conversations he told me he was at peace and had a life well lived. He was an example of courage. He will be missed but never forgotten. God Bless Larry.
