“ *I loved Linda very much; her industrious, smart way of conducting herself was amazing. We parted a while back; she didn't want to stay friends with me- she'd just gotten married. That was fine, I understand, but she could have said so, not just blocked me out. Even so, I only found out from Google that she was gone. I was stunned. But at least she was happy, and that's all I ever wanted for her, anyway.*
