“ *Luke as I write this the tears are making it hard to see what I'm writing. I feel like iv'e betarayed you for not being at your memorial service even though I just got out of the hospital the day before. I don't feel like I got any closure not being there with the rest of the family. You will always be in my heart and prayers. I will always remember you calling me and saying " Sue, this is your brother Luke". You always made me laugh and sometimes shocked me but there will never be anyone like you in all the world. You will be deeply missed and left us way to early. Love you always. "Your sister Sue".*

Luke was such a nice person. Hadn't seen him much after high school. He was always so happy and willing to talk as long as possible the few times I had happened to cross his path. I will miss that smile and laugh, always. Rest In Peace, Luke.

“ I've known Luke for many many years...When he walked his dogs in the early morning hours he would knock on the window at the p.o. to say hello...He had the most contagious smile !!! He would have given the shirt off his back if he thought it would help somebody ...He will be very deeply missed...I had the privilege to meet some of his family in Cannelburg while I ran the P.O. there....Joe and Judy were very good to me and if I needed anything they would've helped...Sweet people all the way around so I know where he inherited the trait from !!!! My condolences to all the family ...

Had so many memories with Luke. It's like we were brothers. Remember all the times playing uchre At Mary Ann and Gregg. I just can't name all the memories. One though stands out. We decorated Rosemary's basement for Halloween and it rained really hard and flooded. Hay bales were floating all over. Didn't get like down though. We partied all nite anyway. Rest in peace like. Love u

“ *I have the pleasure of being VERY good friends with Lukes' sister Tammy, who spoke so much of him while he lived in California Then one day at work, at VUJC, walks in Luke Love! To know Luke was to love Luke. I never saw him frown-even if he was having a crazy busy day.. I loved it when he would come into the office right after a new hair cut-yes that he always did himself. Millions of memories that make me smile. Love & prayers to the whole family that he loved oh so much! Including al those whose life he touched!*

“ Luke was a great fun loving Cannelburg friend . Can remember so many nights sitting on Post Office steps with Tammy and Lisa and several of the Seal's clan. We had many laughs. I only saw Luke sparingly over the past years, but each time I did see him he had a kind word and a smile . You will be missed Luke, but heaven is gaining another angel. Rita Truelove

Luke, I lost track of you after my high school years and being in the same grade as your sister Joni, but you had a beautiful smile. A smile that no doubt depicted the truly beautiful person you were. I can't imagine how the heavens rang out when you entered the pearly gates. RIP Luke Love

My memories of Luke ... his sense of humor was so contagious. You couldn't be in a bad mood for long if Luke was around. We both shared a strong love for animals. Our jokes about doing housework like Donna Reed; I can still hear him saying "Put on your pearls, girl & get to work!" He never missed an episode of I Love Lucy & collected every one of them. We had so many long talks about love & life. We laughed together & cried together. Luke was a good man. God bless you Luke. Rest in peace.

Luke, It's been quite a while since we have seen each other. I always loved when you would come into walmart in the wee hours. I enjoyed our talks, and hope I brightened your morning as you did mine. You were loved, and you will be missed by all who knew and loved you!! Love and hugs to all of your family, and friends.

Luke, I will struggle for awhile without you and my baby. I can't believe I had to lose both of you at the same time. I had been preparing myself to lose Ladybug but I never dreamed of this. I know it would have been hard for either one of you to live without the other and so it is best you left together. I Love you both!!

We knew Luke a short time but really are glad we did. He was funny, smart and charming. It is difficult to lose someone so young and our hearts are with his family at this time.

My sympathy to Luke's family. I knew Luke as a student in a couple of my classes at VUJC. He was a hardworking student with a great attitude. He was a joy to have in class. He loved his dogs and called them the "Girls". Luke will be missed by all who were blessed by his positive personality and smile.

I am in shock, I can't believe this. My condolences to his family. I have been thinking about Luke a lot, wondering how he is. I knew Luke when he lived in California, he lived on the first floor in my apartment building and I lived on the 3rd floor. We would hang out almost every day after work and then on the weekends. We would talk for hours and listen to music. He would go hiking with me and my parents sometimes, spending the day together. So many great memories. I feel like I betrayed you when I lost contact with you after you moved back to Indiana. He was a ray of sunshine, always smiling and laughing. Genuinely interested in how my day was. I have missed you so much since you went back home, I wish you could have stayed here. You are always in my heart, I love you forever.
