“ *Dear, Mark*

It was my birthday yesterday and I just wish you were here so I could tell you how much everything has changed. Life isn't the same without you and I think about you almost everyday. I wish you could see how far I've come and I hope you know that you were huge influence on my life and how much easier life was when you were here. It's so hard now, not having you here to call and vent to at whatever time of the day. Even when we disagreed or didn't see eye to eye, we never had I'll feelings for each other, we never would fight, you we're the only person that would stand by me for right or wrong and vice versa. It'll be 3 years soon since you grew your wings and I want you to know I still haven't met anyone like you. You were truly one of a kind and could never be replaced. You left way to soon and though it seems you lived a short life, you're still living through me and the Impact you had on my life will live forever. I pray everyday that I see you again brother so we can reunite and I look forward to an eternity with my best friend, my brother, my right hand by my side again. Until then rest easy brother and I'll keep doing my best to apply everything you showed/thought me in life. I hope I make you proud Legend!
