“ *My favorite teacher of all time. So remember the Jack in the Beanstalk times table exercise. The only year I liked math. Felt loved by her. I think of her often. She made a difference. Rest In Peace Ms. Huls*

“ *Ms. Huls was my favorite teacher in elementary school. It was clear she loved teaching and loved each of us as an individual. When the cat of one of her siblings had kittens, Ms. Huls asked if anyone in our class would like a kitten. Of course 32 hands shot up, but I was the only one whose parents actually allowed me to take a kitten home. Ms. Huls came to my house over the summer to deliver the little cat who was my companion for the next 13 years.*

“ In addition to Mrs. Huls being my teacher at 5th St, I also had the pleasure of singing with her in the 1st Pres Choir. Her soaring soprano would echo throughout that little church. She had a great sense of humor, too. When God judges her, I suspect she'll get straight A's.

“ *Ms. Huls was my 3rd grade teacher. Here I am, 32 years later, and I still remember her voice, how she lined the desks in the shape of IU, her room layout. I think it just shows the impact she had on young minds.*

*I can remember one time between my 5th and 6th grade year when my friends asked me to prank call her over the Summer. I was dared into it but I did. When she answered she said my name, asked how my Summer was going, am I making good choices and other things. We talked for 15 minutes in that call just catching up.*

*She was always a sweet lady and an impactful person.*
