To be called 'woke' in a world that sleeps through suffering is to insult - it is the Gospel. Woke means awakened by compassion, guided by truth. Humbled by grace. Committed to justice - not just for some, but for all."

Antoinette is like a sister to my daughter. My favorite memory is when Mick and Star were watching the fireworks show with us. They knew that Antoinette had to work late and hoped she could share it with us. She arrived and walked through the smoke from the fireworks and Mick shouted "Netters"!! They were so excited and proud of her always!

“ I never met a guy so dedicated to his family and his career. Gosh, how I love Mick. He was a go-getter (a chip off the old block.) I will miss seeing him VERY much. I had a lot of respect for him as he was just the greatest guy--so much enthusiasm in reporting the news. I will always appreciate the production he put together last Christmas when he featured my dad (Mauri Gutgsell) singing the Panis Angelicus in a video. It was so professionally done. Mick, you can now kick back and listen to Mauri sing all you want. You guys never met here on earth, but I know you will have a good time in heaven together. (He will remind you of your own dad--another man I truly love and respect.) Rest in the peaceful arms of Jesus, my friend.
