*My heart hurts but I know she and Dave are together. Debbie was a strong woman who loved her family more than anything. It's hard to believe how this illness stills who you are, it's not right. I love you boys , it's one day at a time. Debbie, you were a great sister in law and a good friend and I will miss you. (Give Niki a hug for me). Love Brenda*

“*David came into my life when I was 10 years old. He married Debbie a short time later. He was my best man and Debbie was a bridesmaid when I married. Growing up we were inseparable right up to his passing and this disease took control of her. Debbie was the best sister a guy could ask for. She was always there for me and everyone around her. Your sole is free and you can once again soar. I love :) Dean*

*Debbie came into my life when i was real young, I remember if ever you needed some one to talk to or get advice from her and David was the source. They would listen and offer their thoughts and would do anything to help you. there is so many memories of her and I can honestly say they are all fond memories that I will cherish will all my heart. A disease took her memory of all us away and that was so hard to watch and accept. Debbie I will miss you and I know you are up there with David and happy again. Till we meet again Love you sis.*
