“ I was a student at troop and I'm in 7th grade now and I would just like to say not only was he a great teacher he made sure to make everyone's day better. He loved to put a smile on peoples faces, everyone was so excited to come to school to see him. And I know so many people miss him and are praying for him now. He has inspired me to create art and I have been all my life, because of his impact on my life. I am so very grateful to have had him in my life and all the kids were. And he's in heaven still putting a smile on peoples faces in memories today. He loved his job so much and I thank him for that.

Paul was my art teacher through elementary school. My mother was also a teacher. Many times Paul would stay after school to give me lessons painting, sculpting, drawing and whatever projects we could come up with. He was also a great friend to my mother. Thank you for all the lessons and fun times Paul! Thoughts and prayers to family and friends!
