I have always remembered when we were in Ben Davis High School Shop Class. Rick sat right in front of me and we were always told to be quiet. One day he had a hair pin and I looked at him and h said dare me!! so i did. He opened the hair pin and stuck it in a wall socket. we lost all the power in shop class!!! sad part the teacher seen the whole thing. I don`t remember what happened AFTER BUT IT WAS FUNNY

I was in the Army and stationed at Ft Campbell Ky. so on the weekends i would come home to see my girlfriend [wife] and Rick would be sitting with my father in law drinking beer. I asked him what he was doing here and he said waiting for you to leave

After everyone grew up and moved away we tried to stay in touch. At least we knew where we were at all the time
