“ Deb,
Just read of Bob's passing and am extremely saddened. Please accept my heart filled condolences to you and your family. Bob and I negotiated several successful contracts through the years, I'll never forget the meetings and non-meeting time we spent together. We are the same age, and retired just about the same time, giving us a lot to talk about. We were friends. He sent me several pictures of the family of which he was so proud while keeping me informed of retirement projects/trips. You may recall that you and I met at your beautiful home years ago. It was always good to see you when you accompanied him on business and later personal trips. Always expected our paths would cross again (and they will). He had a heart, smile, and laugh as big as himself. One of the good ones.

“ *Bob was so proud of Jasper Engines and the National accounts continued success. I had many one on one meetings with Bob as he educated me on the history of the company. Bob was extremely proud of his son Brad. I'm so sorry for the loss of Bob but very happy that I got to know him both professionally and personally. My condolences to the Boeglin family.*

“ My condolences to Bob’s family. I had the privilege to meet Deb when she worked conventions with Bob. They made a great team. I was shocked to hear of his passing. Bob started to call on my company back in the late 80’s and we developed a great friendship. Bob and I stayed in touch when I retired and we would get together whenever he came to Chicago. He was very proud of his family and would always want to talk about them. My prayers to the family as you lost a great man.

“ I met Bob at Circle S we would talk every morning while getting coffee. He made my day everyday on my way to work and then the pandemic came and I missed my new friend. I will miss those morning conversations but I won't forget them. My prayers go out to his family whom he always spoke about.

“ I worked with Bob for many years and found him to be one of the most compassionate, forgiving people I have ever met. He was ultimately fair to everyone but at the same time managed to do everything possible to take care of the company.

Bob was also famous for his sense of humor. It was a rare day when he didn't have a smile on his face. It was nothing for him to run down the hall and stick his head in someone's office to tell them a joke.

“ Life Lesson from Bob,
I was brand new to National Accounts and Bob met me in Phoenix. Appointments were going well and then two in a row cancelled. I was scrambling And Bob started laughing then pulled out his phone and made a few calls. Apparently he knew we would have issues. Bob called some accounts and we had appointments again “Always have a back up Plan” I will never forget that life lesson.
Thanks Bob
