I will see you again one day. Love to you.*

“ My sympathy to the family but, I am personally reaching out to one of his granddaughters, Abby. Oh how he loved you!!! Since I was your first teacher from Shiloh Promiseland Preschool, we would talk about your love for learning and how special you are during my visits with him. He would always make me feel special when he would tell me about your sharing your experiences with him from school. His love for you will never die! He is with you in spirit helping and guiding you. I am praying for you Abby that God gives you peace and love knowing this and hope those memories of love remain close to your heart always. Friends always, Ms. Donna

“ Dr Maitlin was a wonderful doctor! As a new nurse working at the hospital I learned so much from him about how to treat patients the right way.
I was charting at the nurses station one day and he came onto the unit. I got up and offered him my seat. He told me "don't you ever get up and give your seat to a doctor! You nurses seldom get a chance to sit down. Such a charming understanding man!" I will never forget his kindness. My condolences to the family!
