“ I’m so thankful that working with Sara at the hospital led to an almost 30-year friendship. She was so caring and looked after me while I lived away from my own family; and despite our age difference, we looked at life in so many similar ways. Our shared love of animals led to some fun outings that I will always treasure. I will forever miss sitting in her beautiful home for hours when I came back to Jasper to visit—because we could never just “do lunch” without nearly a full day of laughs and conversation. Most of all I will miss the hugs we always left each other with. I love you, my friend, you will always have a special place in my heart.
