“ Stephen was a big part of my life and my children’s lives. He and my mother dated and lived together for more than 15 years. In fact, he was the only grandpa my youngest had in his life for quite sometime. Stephen was kind and funny and he loved my boys like they were his own grandchildren, and I loved him for that, more than anything. I could call him last minute and say I needed a sitter because it was an unscheduled snow day for the kids, and he NEVER said no. He would always be exciting have a video game buddy for the day. With him, I knew they were safe, fed and cared for each time. We will always remember Stephen and share our memories of him with others. Much love to Sarah, Stacy, Matt and all of the grandchildren ❤️

Stephen was a 1977 graduate and fellow classmate of mine at McCrory High School. I was saddened when I heard today of his passing. I remember him being this big guy, but a quiet guy that never met you in the hall, out of school, anywhere without giving you a big smile and hello. I speak for our class saying we are praying for you and our hearts are broken for your loss. He will be remembered here in Arkansas!
